

Interactive Kids provides various services within the school with the overall goal of improving the students quality of life and learning. Our highly-trained behavior consultants can tailor programs, trainings, and interventions to meet the specific needs of the individual, classroom, school, and district-wide support services.

WHY CHOOSE US?

Interactive Kids is a trusted resource, offering consultation throughout South and Central New Jersey with four clinic-based locations, serving clients of all ages and ensuring their impact extends across the lifespan.

SCHOOL CONSULTATION

SERVICES AT A GLANCE

School Consultation

Our highly trained behavior consultants take pride in their ability to support students so they can thrive in their least-restrictive setting.

Behavior Stabilization Services

Behavior Stabilization provides an alternative to out-of-district placement, homebound instructions, or a partial hospitalization program.

Workshops & Trainings

Interactive Kids provides small or large group trainings and workshops designed to help caregivers and school district personnel at all levels learn more about successful ABA interventions.
